

Education

PhD (Ongoing- 3rd Year)

Currently studying PhD in the University of Newcastle upon Tyne,
Department of Marine Science and Technology,

In the first year I was registered with ninety (90) credits of number modules,
which are as follows:

Research Skills, Management and Communication, Design & Implementation of Experiments, Data Analysis & Interpretation, Marine Production Technology, Marine Transport & Economics, Ship Performance and Ship Propulsion.

I have scored distinction marks (75%) on average.

Bachelor of Science in Engineering (B.Sc. Engg.),

Department of Naval Architecture & Marine Engineering,
Bangladesh University of Engineering & Technology (B.U.E.T.),

April 2002

CGPA-3.25

A- Level / Higher Secondary Certificate (H.S.C.)

Govt. Suhrawardy College, Pirojpur, Bangladesh

December 1994

First Division (80%)

O-Level / Secondary School Certificate (S.S.C.)

Govt. Shirajul Haque High School, Nazirpur, Bangladesh

December 1992

First Division (85%)

Computer Skill

- Microsoft Office application
- AUTOCAD 2D
- MAXSURF

- MINITAB
- FORTRAN
- Certified in Networking Principles From IICT, B.U.E.T.

Scholarship

- Awarded International scholarship of Newcastle University
- Awarded scholarship from Engineering Design Centre of Newcastle University
- Awarded merit scholarship for outstanding result in B.U.E.T.
- Awarded board scholarship in general category for distinction in H.S.C.
- Awarded board scholarship in general category for distinction in S.S.C.
- Awarded talent pool scholarship in junior secondary level.

Job experience

October 2008- present

Surveyor – UK Marine Inspection Services Limited

I am also working with A&P Tyne shipyard as a part time researcher and working towards the development of a robust production schedule.

July 2004 to January 2005

I have been appointed as a Director of Ananda Shipyard and slipways Ltd., Bangladesh and was delegated with plenary management responsibilities. Apart from that I was working as a team member of the design team of the company.

May 2003 – May 2004

I was promoted to the rank of Senior Deputy Director (Operation and Maintenance) in Dredge Bangla (Pvt.) Ltd. Maintaining the set standards in the operation and maintenance work, acting as the instruction hub between senior management and production employees, supervising technical works, reporting on the ongoing project activities of the department and contributing to decision making with regular review cover the responsibilities attributed on me.

October 2002 - April 2003

I have served the capacity of the project manager of a subsoil sand extraction scheme of Dredge Bangla (Pvt.) Ltd. under South West Road Network Development Project at Bagerhat, Bangladesh (Contracted by China National Overseas Engineering Corporation). Devising technical plan, implementing Decisions, directing a pool of both technical and official personnel, solving problems instantly with controlled freedom, managing the locals and keeping the employer updated with proper information were some of the noteworthy duties solemnized during the period.

May 2002 - September 2002

I have worked as an Assistant Engineer in Dredge Bangla (Pvt.) Ltd. major responsibilities included the maintenance and repair of a large Dredging Fleet and achieving the work goal within the scheduled time through co-ordination and team work.
